RE: Application of Development Service, Inc., for approval of a  
New Schedule of Rates and Charges for Sewage Service provided  
to Residential and Commercial Customers in all areas served.  
Docket No.: 2004-212-S

Dear Mr. Terreni:

Having met all conditions required by the South Carolina Public Service Commission in its Order No. 2005-42 and Order No. 2005-146 in the above captioned docket, Development Service, Inc., (DSI) is prepared to implement Phase II of its approved rates. In compliance with these Orders, DSI would certify the following to the Commission.

First, Bush River Utilities, Inc. (Bush River) has completed its wastewater treatment facility expansion. Commission Order No. 2005-42 required DSI to demonstrate to it and the ORS that Bush River had expended at least \$932,278 in treatment plant upgrades and that the new plant is complete and in service. Bush River has expended in excess of \$932,278 in upgrades.

Second, DSI now uses the NARUC chart of accounts.

Third, DSI is in compliance with all DHEC regulations.

Fourth, as the public record will reflect, DSI has the appropriate performance bond on file. I am enclosing a copy of the amendment by BB&T of the irrevocable letter of credit of with an expiration date of September 26, 2007, for your reference.

Last, by its correspondence of March 27, 2007, the ORS has certified DSI's compliance with the Commission's Orders.

March 30, 2007

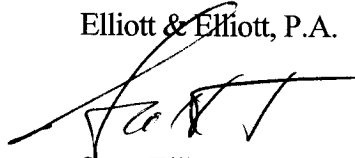

Page 2

The orders in this docket provide that upon DSI's certification of the facts set out above, Phase II rates may be implemented without further order. Accordingly, DSI will implement its approved Phase II rates with its April 25, 2007, billing. I am informed that the ORS has no objection to DSI's implementation of its approved Phase II rates as outlined herein.

If you or counsel for the ORS have questions, please feel free to contact me.

Sincerely,

Elliott & Elliott, P.A.

Scott Elliott

WASTEWATER TREATMENT CONSTRUCTION

**PARTIAL APPROVAL TO PLACE INTO OPERATION #748719****\*Revised January 11, 2007****ISSUED TO:**

BUSH RIVER UTILITY INC  
816 E MAIN ST  
LEXINGTON SC 29073

for the operation of a wastewater treatment/collection system permitted under construction permit 30509-WW, dated November 29, 2004, as described below

**PROJECT NAME:** BUSH RIVER WWTP REPLACEMENT**COUNTY:** Lexington

**PROJECT DESCRIPTION:** This Partial Approval to Operate is for all components included in the upgrade to the wastewater treatment facility includes the installation of a new 0.4 MGD replacement SBR wastewater treatment facility with all necessary appurtenances except the new digester. The construction will need to be completed by November 29, 2007.

**PERMITTED FLOW:** 400,000 gallons per day**WWTP:** BUSH RIVER UTILITY INC (SC0032743)**SPECIAL CONDITIONS:**

1. This Partial Permit to Operate is issued under the condition that the remainder of the project must be completed prior to the expiration date (November 29, 2007) indicated on the construction permit issued by the Department for the construction permit to remain valid.
2. A Closure Plan for the existing treatment lagoon must be submitted to Michael Montebello, Manager, Domestic Wastewater Permitting Section, Bureau of Water on or before January 30, 2007.
3. The permittee will notify the District Office (803-896-9641) when discharge from the new location starts. This will be in approximately 3 weeks from the issuance of this permit. In the meantime, discharge will be to the lagoon until the biomass is established.

This approval is based on the Engineer's letter of certification signed by Charles Parnell, P.E., South Carolina Registration No. 9406.
